

Bonnie Hidalgo has been active in field trials since childhood. Her involvement began with English setters and pointers. Her parents, John and Betty Evans began trialing in 1956 and started a family hobby that they still share. Bonnie began competing at the age of nine and started judging at seventeen. Bonnie has served as secretary for the National Prairie Chicken Shooting Dog Championship since 1973. She began reporting Championships at that time and has since scribed for dozens of American Field Championships.

Bonnie has judged numerous Championships including the Egyptian Open Shooting Dog and the National Amateur Brittany All Age Championships, each on two occasions. For the German Shorthaired pointers she has judged Nationals on pheasant, quail and prairie chicken. She has also judged several regional shorthair championships. She judged the National Amateur and National Futurity for Irish Setters and met her husband there.

A Wisconsin native, she currently resides in Brighton, Colorado with her husband Dennis. They have several Irish setters and a couple of English setters that they campaign in both AKC and American Field trials on regional and national levels.

Bonnie is honored to have been asked to judge the Pointer Nationals in 2004 and is looking forward to the trial.
