

I got my first bird dog, an English Setter, when I was 13 and have been chasing bird dogs, mostly Brittany's ever since. My first Britt was the first of the breed to become a DC, AFC, and CDX. I just retired my current FC, AFC Britt, and have a youngster with multiple juvenile placements.

My first judging assignment was in 1971 and I have had the pleasure of judging numerous regional trials for all breeds, plus Vizsla Nationals, GWP Nationals, and several championships. I have reported, and /or marshaled numerous championships as well. I am currently secretary for the Nebraska Field Trial Association and field trial chair for the Mo Valley Brittany Club. I will be reporting the ABC Chicken Classic/Ch. in the Nebraska sandhills the week prior to the APC trial and look forward to seeing lots of great performances in both places.
