

The GSP Club of Colorado has communicated with Mr. Gerry Ohr this Friday, May 4, at about noon. The roads are drying out nicely so we will go forth with the FT as Scheduled.

We ask that you try not to arrive at the grounds before 6:00 PM (Friday night) in order that the roads are in the best possible condition. Please do not take the shortcut of Road M (going South) and then Road 7 (going East) as Road 7 is always slower to dry up. Please go to Lindon and then south on Road S, West on Road 8, South on Road R, and then west on Road 7. You can take the shortcut on your way home.

We have revised the running order with **the OGD casting off at 7:30 AM** (Course 1) and **the OP casting off at 7:00 AM** (Course 2). The OGD will be followed by the AGD, the ALGD, and the OD.

The bracing sheets reflecting these changes are posted.

If you have questions please contact Ray Yenchick on his cell at 303-929-0807
